

Technical Features

4 working position	All closed and one way open at once (in sequence)
Energy saving	Working position held with motor switch off
Tubing	4.8 mm x 6.8 mm, 60 ShA
Max tubing pressure	900 mmHg
Pincher force	30 N
Motor	Bipolar Stepper motor NEMA 23
Electronic control	Embedded Driver with enhanced energy saving technology
Control line	Serial line RS422
Transition time	1s
Pinch Position detection	Absolute encoder via RS422 control line
Pinchers Position Monitor	Hall sensor for each pincher
Steady state torque	0 Nn
Dimension	105 mm x 105 mm x 140 mm
Weight	900 g
Power Supply	24 Vdc \pm 5%.
Power Consumption	
Electrical Risk	IEC 60601-1 Compliant
Protection against electric shock	Type II, CF Compliant
Plastic parts	UL V0 Compliant
Protection degree	IP22
