

PICOVAC 2TM

VACUUM GENERATOR

Picovac 2TM is a portable battery operated unit, able to create and maintain a selected pneumatic vacuum level for blood recovery systems.

The patient's own blood, normally lost during surgery, can be collected and reinfused to the same patient, thus avoiding the exposure to donated blood risks and diseases.

Lean

FEATURES

**User friendly interface,
with soft touch-waterproof keypad**

Connections output:

Female Luer Lock
(male hose fitting 1/4"
for D version)

Possible pre-set instructions:

- Vacuum (mm Hg)
- Silence (no buzzer)
- Large backlighted graphic LCD
with continuous readout of:
- Current vacuum value
- Set pressure value
- Use status
- Battery status

Visual and acoustical warning for:

- Battery level
- Charging status
- Too low vacuum
- Too high vacuum

CE PICOVAC 2™ bears the CE mark;
in fact it complies with the requirements
of Directive 93/42/EEC (as amended by
2007/47/EC) for medical devices.

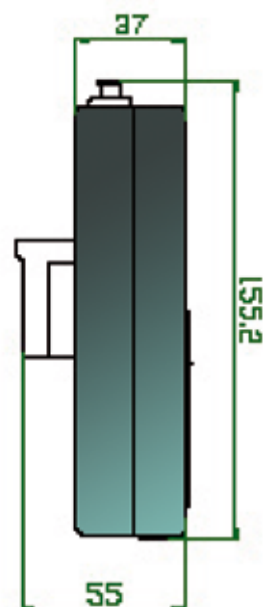

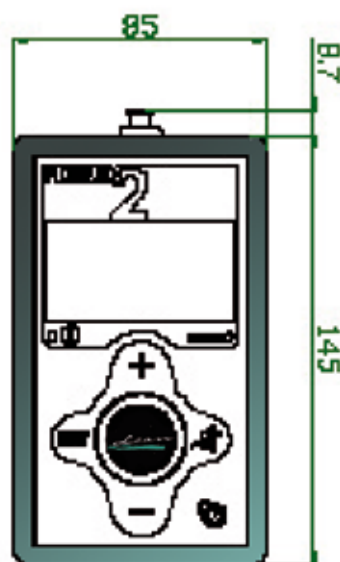

Lean Conformity Certificates.

UNI EN ISO 9001:2015

Design, manufacturing, distribution and service of
electro-mechanical devices.

UNI EN ISO 13485:2012

Design, manufacturing, distribution and service of
electro-medical devices...

TECHNICAL DATA

Batteries	n° 2 AA pack type, Ni-Mh : 2,4 V 1300 mAh
Autonomy	at least 7 hours.
External Power Supply	not included, P/N: 0054700 (5 Vdc, 1.5A Medical Grade, Input 100-240V 50/60Hz)
Max Power consumption	3 W
Vacuum range	-40 ÷ -110 mmHg (0 ÷ -110 mmHg for D version)
Resolution	5 mmHg
Pressure measurement accuracy	± 2 mmHg
Dimensions	(85 L x 160,5 W x 37 H) mm
Net Weight	0,3 Kg

Manufactured by:

Lean s.r.l.
